React Developer

Aspiring React Developer with a strong foundation in JavaScript, Next.js, TypeScript, HTML, and CSS, complemented by hands-on projects and coursework in React. Demonstrated ability to build responsive and dynamic web applications. Passionate about continuous learning and contributing to impactful projects.

WORK EXPERIENCE

React Developer

Naitconsul

2023 - current

Collaborated with a renowned consulting firm, on optimizing their client's e-commerce platform to enhance user experience and streamline backend processes.

Assisted in developing a new front-end architecture using React.js, contributing to a reduction in page load times and an increase in user engagement metrics.

Supported the implementation of server-side rendering (SSR) to improve SEO performance.

React Developer

E-commerce Website : Villapanoram.com

06/2024

- Created a dynamic product page for an hotel site using Next.js and Context API for state management.
- Implemented responsive design principles to ensure compatibility across various devices and browsers.
- Utilized RESTful APIs to fetch and display product details, reviews, and ratings.

React Developer

Personal Portfolio Website

05/2024

- Created a dynamic portfolio using Next.js, Tailwind CSS, and Framer.
- Incorporating server-side rendering and responsive design.

React Developer

Trustpilot

06/2023

- Built a Trustpilot application using Next.js and OpenFlightAPI to fetch and display real-time flights data.
- Implemented location functionality to provide number flight updates based on user location.
- Used Tailwind CSS for a clean and responsive layout.

Web Developer

02/2023- 05/2023

Wallmander Intern

- Golf Club - Investigated the possibility to use React components in WordPress.
- I created a test server environment and made a mockup case.
- Built a landing page from scratch for their golf-club site to attract more users. I did this together with an other LIAs. We built the page with Next.js and Tailwind CSS .

Web Developer

10/2022- 12/2022

Triple Downe

- I collaborated with the Triple Down team to implement a 'multilingual financial reporting platform' on their platform.

Team Leader

12/2023- 06/2024

Casino Cosmopol

- Actively participated in daily meetings with other team leaders to discuss and implement the best solutions for our team.
- Coached and led the restaurant team in daily operations to achieve the business goals.
- Approved absences and ensured smooth daily operations despite staff shortages.
- Placed orders and managed invoices with our suppliers.
- Conducted monthly inventory checks to ensure accurate stock levels.
- Handled invoices, representations, and other administrative tasks.

Team Manager Backup

11/2019- 12/2023

Casino Cosmopol

- I have gained knowledge in various areas to successfully lead the team.
- I have also developed the ability to communicate clearly and effectively, motivate and engage employees, and make quick decisions and take action.
- Placed orders and managed invoices with our suppliers.
- Conducted monthly inventory checks to ensure accurate stock levels.
